Nature. Different. Effective.

100% certified, premium natural skin care from Dr. Hauschka that really makes a difference.

Caring for your skin and the planet – for more than 50 years.

Pure nature

All-natural skin care for an all-natural you.

Our skin care products contain zero mineral oils, silicones, PEGs and synthetic preservatives. Instead, they are made of 100% natural raw ingredients – most of which are organic and often even of biodynamic quality. Naturally, our Skin Care and Make-up ranges are also certified under the NATRUE label. And yet the highest quality seal that we bear is still the name of our founder: Dr. Hauschka.

Skin care concept

For inner and outer beauty.

Dr. Hauschka Skin Care helps people keep themselves and their skin healthy and beautiful. Individual formulations based around nurturing plants provide all skin conditions with effective impulses every day when cleansing, toning, moisturising – even when applying make-up. And to support nightly renewal, we let your skin breathe rather than covering it with oily creams.

Nurturing plants

Healthy skin is beautiful skin.

Skin care products from Dr. Hauschka rely on the revitalising powers of nature. With their specific properties, each individual plant makes our cosmetic formulations even more effective. And they also are made with all the expertise and accuracy of a pharmaceutical manufacturer.

Origins

For us, natural skin care has been on trend since 1967.

Elisabeth Sigmund and Rudolf Hauschka had a clear goal when they launched their own cosmetic revolution from a small Swabian spa town: from chemistry back to nature. Today, more and more people are asking ecological and social questions – including about their cosmetics. And we provide answers, some of which haven't changed for more than 50 years.

Partnerships

Good for the skin, good for the world.

We are genuinely interested in all the people we meet around the world. Thanks to our loyal customers, we don't need expensive ad campaigns. And as an independent foundation-owned company, we don't have to pay dividends. Instead, we are free to invest in global raw materials partnerships, providing interest-free loans and enabling local farmers to pay fair wages.

Ecology

Responsible action is in our nature.

We harvest most of our raw ingredients by hand – either in our herb garden, on the fields of our farm at the foot of the Swabian Jura, or through our partners all around the world. It is not only our past that leaves us with an obligation to protect the environment, but also our future.

Research

The natural science of skin care.

We have a long tradition of innovation, which began with the development of our unique rhythmic manufacturing process by Dr. Rudolf Hauschka. Today, we complement age-old knowledge with state-of-the-art technology. Our laboratories continue to conduct intensive basic research into active botanical ingredients, which we then use to develop new, effective formulations.

Facial Care

The Dr. Hauschka facial care concept supports you around the clock every day and takes into account the fact that your skin's role is completely different during the day than at night. During the day, it gets up close and personal with the world, but also acts as a protective barrier. At night, it directs its powers inwards to regenerate. Dr. Hauschka supports this rhythm with a unique facial skin care concept.

Skin Care Plan

In the morning after cleansing and toning, your skin requires daytime skin care that protects you from environmental influences. At night, however, it enjoys being nurtured with skin care that allows it to breathe freely, regenerate and revitalise. Intensive products and treatments complement your usual routine and give your skin a little time out. Your Dr. Hauschka brand partner or Dr. Hauschka esthetician can provide you with your own personal skin care recommendations.

Cleansing Cream

revitalising cleanser
refines the complexion

Skin condition: For all skin conditions.

Cleansing Cream offers renewing, refreshing care to the skin. This gentle cleanser exfoliates and supports the skin's natural protective function, preparing it for a toner and day or night care. The moisturising formulation contains calendula, chamomile, St. John's wort, anthyllis and almond to gently cleanse while also revitalising the skin and minimising the appearance of pores. The pleasantly creamy base of almond flour serves to transport and deliver the cleansing and nourishing powers of the product's high-quality medicinal plant extracts.

Our tip: The moisturising properties of our Cleansing Cream leave skin perfectly prepared for the Dr. Hauschka oil-free night time skin care products.

Available in 50 ml and 10 ml sizes.

Cleansing Balm

light gel-to-milk cleanser to thoroughly cleanse,
refresh and care for the skin

Skin condition: For all skin conditions.

Beautiful skin starts with effective cleansing. Our Cleansing Balm is suitable for all skin conditions, both in the morning and evening. Its mild formulation with chalk from the island of Rügen, birch and apricot thoroughly removes make-up and impurities. It also helps preserve the skin's own moisture balance and prepares it for the rest of your skin care routine. Sustainable beauty: our innovative formulation is low in water and you only need a small amount of product, so there's less packaging. When applied to damp skin it transforms into a gentle cleansing milk.

Our tip: To remove mascara, eyeliner and eye shadow, we recommend Dr. Hauschka Eye Make-up Remover. It is suitable for beards too.

Available in 75 ml size.

Soothing Cleansing Milk

gentle cleanser

removes make-up while protecting the skin's natural barrier

Skin condition: For all skin conditions.

Soothing Cleansing Milk removes dirt and make-up while gently nourishing the skin. For sensitive skin, Soothing Cleansing Milk can be used as a daily cleanser in the mornings and evenings, preparing it for the next skin care stages. The formulation contains anthyllis, jojoba oil and almond oil to protect your skin's natural hydrolipid barrier.

Our tip: For an even more clarifying cleanse, we recommend using our Cleansing Cream after removing make-up.

Available in 145 ml and 10 ml sizes.

Eye Make-up Remover

dual-phase composition,

cleanses gently and thoroughly removes even waterproof make-up

Skin condition: For all skin conditions.

Eye Make-up Remover gently and thoroughly removes even waterproof make-up from the sensitive skin around the eyes, while simultaneously nourishing the skin and lashes with light, fast-absorbing oils to leave it feeling refreshingly clean and soft. The formulation contains precious rose water and medicinal plant extracts of eyebright and fennel to harmonise and soothe the particularly delicate and sensitive skin around the eyes. High-quality sesame and sunflower oils preserve the skin's natural hydrolipid barrier, leaving it feeling relaxed and free to breathe, while also nourishing the eyelashes and eyebrows.

Available in 75 ml size.

Facial Toner

activating toner
fortifies the skin

Skin condition: For normal to very dry and mature skin.

Facial Toner gently guides the skin's natural processes to achieve a radiant, rosy complexion. As part of a daily basic skin care routine, this oil-free formulation is the ideal toning product for normal, dry, sensitive and tired skin. The formulation contains extracts of medicinal plants like witch hazel and anthyllis to activate the metabolic activity of the skin, leaving it feeling fresh and revitalised. Facial Toner encourages a balanced, hydrated complexion while supporting the skin's natural renewal processes.

Our tip: Dr. Hauschka Facial Toner is also suitable for use over make-up and as an invigorating aftershave for men.

Available in 100 ml and 10 ml sizes.

Clarifying Toner

regulating toner
for a clear complexion

Skin condition: For oily, blemished or combination skin.

Clarifying Toner gently guides and balances the skin's natural processes to achieve a radiant, rosy complexion. As part of a daily basic skin care routine, this oil-free formulation is the ideal toning product for blemished, large-pored and oily skin. The formulation contains anthyllis, calendula and nasturtium to reduce excessive oil production and soothe inflammation and irritation. The high-quality composition of medicinal plants has a regulating and balancing effect on the skin's activity.

Our tip: We recommend Clarifying Toner as an aftershave for men with irritated skin.

Available in 100 ml and 10 ml sizes.

Clarifying Day Oil

regulating daytime care
restores balance to oily skin

Skin condition: For blemished, oily skin.

Clarifying Day Oil reduces oil production in the skin. Skin is guided to a balanced state and with regular use the skin's natural beauty is revealed. The formulation contains carrot, almond oil, calendula and neem to nurture and balance the skin, helping to calm redness. Precious botanical extracts help the skin balance oiliness and reduce the appearance of pores.

Our tip: Applied on top of your usual daytime skin care product, Clarifying Day Oil provides extra protection against the cold.

Available in 18 ml and 5 ml sizes.

Balancing Day Lotion

balances oily combination skin, soothes blemishes – formulated with anthyllis

Skin condition: For oily, blemished combination skin.

Balancing Day Lotion balances combination skin prone to an oily T-zone and slightly dry cheeks. The silky-smooth texture regulates blemished skin and moisturises with long-lasting effect. The formulation with premium botanical extracts and oils regulates oily areas of skin, soothes blemishes and reduces tautness. Valuable extracts of anthyllis, horsetail and nasturtium give the skin a clearer structure and create a purer complexion.

Our tip: Blemishes can be spot treated by dabbing a little Clarifying Steam Bath directly onto the affected area. Coverstick conceals spots and imperfections for all skin conditions and helps clear blemishes faster.

Available in 50 ml and 5 ml sizes.

Melissa Day Cream

shine-reducing facial care
restores balance to combination skin

Skin condition: For normal to dry combination skin.

Melissa Day Cream calms while helping skin discover its natural balance. The melissa (lemon balm) plant has a centred structure that guides skin to a balanced state. Oily shine is controlled and dry patches are hydrated for a calm, radiant complexion. Melissa Day Cream is the ideal skin care product for sensitive combination skin with a tendency to become dry, shiny or red. Tapioca starch provides an even, matte complexion. The formulation contains melissa, daisy, anthyllis, witch hazel and carrot to soothe and balance unsettled skin.

Our tip: For natural shine reduction, we recommend applying a powder from the Dr. Hauschka Make-up range on top of our Melissa Day Cream.

Available in 30 ml and 5 ml sizes.

Quince Day Cream

refreshing facial care
for daily protection

Skin condition: For normal, uncomplicated skin.

Quince Day Cream refreshes and protects. It shields the skin from environmental influences and helps balance its moisture content, making it the perfect daily companion for normal, uncomplicated skin. Quince wax forms a light, breathable protective layer that helps prevent dryness and maintain moisture balance. The formulation contains quince, jojoba, apricot and avocado to fortify the skin. High-quality oils, waxes and medicinal plant essences are combined to create a natural, balanced formulation.

Our tip: With its refreshing fragrance, Quince Day Cream is also very popular with our male customers.

Available in 30 ml and 5 ml sizes.

Revitalising Day Lotion

revives pale, dehydrated skin –
formulated with apricot

Skin condition: For pale, dehydrated skin.

Revitalise tired skin and enjoy a radiant complexion with Revitalising Day Lotion. The silky-smooth texture has an active moisturising effect and protects the skin all day long. The formulation with premium botanical extracts and oils stimulates the skin's natural process of oil and moisture production. Valuable medicinal plant extracts of apricot, carrot and St. John's wort activate dull, dehydrated skin for a supple and fresh complexion.

Our tip: Revitalising Day Lotion can be mixed with one or two drops of Clarifying Day Oil for blemished combination skin. Simply mix the two products in your hand and apply to the skin.

Available in 50 ml and 5 ml sizes.

Soothing Day Lotion

strengthens skin prone to redness and enlarged
capillaries – formulated with rose

Skin condition: For skin prone to redness
and enlarged capillaries.

Soothing Day Lotion soothes sensitive, reddened skin. Even skin prone to enlarged veins (couperose) appears less irritated. The silky-smooth texture offers the skin long-lasting protection throughout the day. The formulation with premium botanical extracts and oils stimulates the skin's natural process of oil and moisture production and reduces tautness. Valuable extracts of rose, borage and lady's mantle strengthen the skin and foster an even complexion.

Our tip: We recommend a footbath or a traditional bath with the Sage Purifying Bath Essence which offers warmth and helps the body anchor itself, while also making the facial skin appear more balanced and less irritated.

Available in 50 ml and 5 ml sizes.

Rose Day Cream Light

harmonising facial care
provides light protection

Skin condition: For normal to dry skin prone to redness.

Rose Day Cream Light protects against dryness to support an even, balanced complexion. An ideal daily moisturiser for normal, dry and irritated skin. The formulation contains extracts of rose, marsh mallow and anthyllis to tone and fortify the skin. Precious rose water, rose wax and rose extract balance and revitalise. Avocado, marsh mallow root, sesame oil and almond oil help the skin remain hydrated. The rose's invigorating effects on the skin are wonderful to behold.

Our tip: We recommend our Daily Hydrating Eye Cream as a light moisturiser for the delicate eye area, to leave skin feeling relaxed and smooth.

Available in 30 ml and 5 ml sizes.

Rose Day Cream

rich facial care
forms a protective layer

Skin condition: For dry to very dry skin prone to redness.

A true classic in the Dr. Hauschka range, Rose Day Cream captures the diverse powers of the rose to nurture and protect dry and sensitive skin, while soothing skin with a tendency toward redness and enlarged capillaries (couperose). Valuable extracts of precious rose blossom and wild rose hips harmonise and strengthen the structure of the skin, while shea butter, rose petal wax and avocado oil protect and help retain moisture. The formulation contains medicinal plant extracts of rose, marsh mallow and St. John's wort to fortify the skin and promote its own powers. Rose Day Cream works to maintain the skin's oil and moisture balance, offering nourishing care that reflects the balance of strength and delicateness embodied by the rose.

Our tip: We recommend our Hydrating Cream Mask as ideal complementary care for skin prone to dryness. With its precious botanical oils and waxes, it noticeably nourishes skin to leave it feeling relaxed and soft.

Available in 30 ml and 5 ml sizes.

Tinted Day Cream

rich day time care
for a natural glow

Skin condition: For dry to very dry skin prone to redness.

Tinted Day Cream deeply moisturises the skin and gives it a subtle, natural glow. Combining nourishing avocado and almond oils with protective rose wax, beeswax and quince seeds, it helps prevent dryness by regulating the skin's oil and moisture levels and activating its natural moisturising functions. On the one hand, Tinted Day Cream nourishes normal, dry, sensitive skin that is prone to redness and enlarged capillaries (couperose) and mature skin; on the other hand, it blends harmoniously with the skin's natural tone for an even complexion. The formulation contains extracts of rose, quince and St. John's wort to fortify skin and promote its own natural processes, while precious rose water and extracts of anhyllis have a harmonising effect.

Our tip: For natural shine reduction, we recommend applying a powder from the Dr. Hauschka Make-up range on top of our Tinted Day Cream.

Available in 30 ml and 5 ml sizes.

Translucent Bronzing Tint

for a radiant, sun-kissed complexion
adds a bronze glow to any moisturiser

Skin condition: For all skin conditions.

Sun-kissed radiance: Translucent Bronzing Tint adds a radiant glow to every complexion. The formula of bronzing mineral pigments, olive oil and medicinal plant extracts of anhyllis and witch hazel blends with the skin tone to create an extremely natural bronzed look. Rather than being concealed, the complexion is skilfully refreshed.

Our tip: The amount of Translucent Bronzing Tint used can be tailored to the time of year and skin tone – and simply applied by mixing it with a daytime moisturiser in the palm of your hand. If using a very rich daytime moisturiser, instead of mixing with your day cream apply Translucent Bronzing Tint directly to the face and neck after moisturising. Both methods achieve the same result: a radiant complexion with new vitality and fabulous-feeling skin.

Available in 18 ml size.

Coverstick

conceals and clears spots and imperfections

Skin condition: For all skin conditions with blemishes.

Coverstick conceals spots and imperfections for all skin conditions and helps clear blemishes faster. The formulation contains essential oils and anhyllis extracts to regulate and clarify, while tapioca starch reduces shine. Coverstick combines the purifying powers of medicinal plants with the moisture-retaining properties of valuable oils and waxes to soothe spots and blemishes without drying out the skin.

Our tip: Blemishes can be spot treated by dabbing a little Clarifying Steam Bath directly onto the affected area.

Available in 1.9 g size.

Daily Hydrating Eye Cream

light, hydrating eye care
helps prevent wrinkles

Skin condition: For all skin conditions.

Daily Hydrating Eye Cream leaves the skin around the eyes feeling wonderfully smooth and soft. This moisture-rich preparation is the ideal supplementary daytime skin care product. The delicate skin around the eyes is particularly sensitive and prone to wrinkles caused by dryness. The formulation contains rose water, pineapple, marsh mallow and calendula to refresh, hydrate and soothe. Particularly nourishing, high-quality avocado, macadamia nut and sea buckthorn oils protect the eye area and leave the skin feeling relaxed and smooth.

Available in 12.5 ml size.

Eye Balm

rich, smoothing eye care
protects the delicate eye area

Skin condition: For all skin conditions.

Eye Balm gently envelops the area around the eyes. Suitable for all skin conditions, it offers protective care with intense effects. The delicate area around the eyes is much thinner than other parts of the body because it does not have subcutaneous fatty tissue, which makes it particularly sensitive and prone to wrinkles. The formulation contains carrot, anthyllis, neem, beeswax, cocoa butter, silk and apricot kernel oil to strengthen the delicate eye area. Eye Balm smooths and protects from external influences.

Our tip: We particularly recommend using Eye Balm during the colder months as extra protection against the effects of the weather.

Available in 10 ml size.

Eye Revive

invigorates and refreshes tired eyes

Skin condition: For all skin conditions.

Cooling Eye Revive ampoules give hardworking eyes some soothing time out. The formulation contains eyebright, fennel, chamomile and black tea to cool and soothe the eye area. Eye Revive is ophthalmologically and dermatologically tested and suitable for contact lens wearers. It is optimally tailored to the needs of the sensitive skin around the eyes and suitable for all skin conditions.

Our tip: Eye Revive is particularly ideal for people who regularly work at a computer or suffer from pollen allergies. It also refreshes the eyes on long journeys, making sure you always keep a clear view.

Available in 10× 5 ml and 1× 5 ml sizes.

Lip Care Stick

precious lip care
for velvety soft lips

Lip Care Stick softens and offers protection for lips prone to dryness. The formulation contains shea butter, beeswax, almond oil and anhyllis to nourish the sensitive skin of the lips and protect it from external influences. A practical companion when on the go, Lip Care Stick keeps lips soft and supple.

Available in 4.9 g size.

Lip Balm

regenerating lip care
nourishes and protects damaged lips

Lip Balm provides soothing and nourishing care for the delicate skin of the lips, forming a protective barrier against harsh external influences. Beeswax and valuable botanical oils provide the lips with rich nourishment. This formulation containing anhyllis, calendula and St. John's wort cares for and regenerates chapped, cracked lips and the corners of the mouth while real silk powder gives the lips a velvety feel and helps the warm, floral fragrance linger for longer. Intensive care for beautiful, soft lips.

Available in 4.5 g size.

Night Serum

vitalising night time care
supports the skin's natural rhythm

Skin condition: For all skin conditions.

Dr. Hauschka night time skin care allows your skin to breathe freely and stimulates its natural renewal processes. Our Night Serum is a basic night time skin care product that revitalises and helps the skin rediscover its natural balance. The fragrant formulation contains apple fruit and blossom to support the skin's natural rhythms while guiding it through its essential night-time processes. Supported by witch hazel extracts, Night Serum tones all skin conditions for a fresh, radiant complexion come morning.

Our tip: For those new to the Dr. Hauschka night time skin care concept, we recommend starting with our Renewing Night Conditioner.

Available in 20 ml and 2.5 ml sizes.

Renewing Night Conditioner

revitalising ampoule treatment
supports the skin's 28-day cycle of renewal

Skin condition: For all skin conditions.

This night time skin care product from Dr. Hauschka allows the skin to breathe freely and reminds it of its natural renewal processes. Renewing Night Conditioner normalises the skin's functions and stimulates its natural processes. Dry skin is encouraged to retain oil and moisture while sensitive skin is strengthened. Oily, blemished skin produces less oil and hard buildups are softened. The formulation contains rhythmatised medicinal plant extracts of witch hazel, Madonna lily and silver to promote nightly regeneration and regulate the skin's lipid metabolism. Skin cells renew themselves over a period of 28 days. To mirror this regeneration cycle, Renewing Night Conditioner should be used as a 28-day treatment in place of your basic night time skin care product.

Available in 50× 1 ml and 10× 1 ml sizes.

Sensitive Care Conditioner

soothing ampoule treatment
helps reduce redness

Skin condition: For sensitive skin and skin prone to couperose.

Sensitive Care Conditioner allows the skin to breathe freely and reminds it of its natural renewal processes. It normalises the skin's functions and stimulates its natural processes. The formulation contains rhythmatised extracts of borage, pearl, malachite and oak bark to strengthen reddened, sensitive and couperose-prone skin and support its natural cycle of renewal. With medicinal plants and minerals, it has a decongestive effect and prevents the further dilation of capillaries. Skin cells renew themselves over a period of 28 days. To mirror this regeneration cycle, Sensitive Care Conditioner should be used as a 28-day treatment.

Our tip: Sensitive Care Conditioner helps to soothe reddened and swollen skin, e.g. after plucking eyebrows and in case of sun intolerance or sunburn.

Available in 50× 1 ml and 10× 1 ml sizes.

Clarifying Intensive Treatment (<25 years)

regulating facial treatment
for blemished, young skin

Skin condition: For blemished, young skin.

Dr. Hauschka intensive treatments combine specially selected natural treasures in rhythmised form that complement your basic skin care routine. They support the skin when it has become unbalanced and needs a harmonising impulse. Clarifying Intensive Treatment (<25 years) offers effective, intensive care for skin prone to outbreaks and inflammation during puberty. The formulation contains the gemstone rhodochrosite, silver, daisy, nasturtium, natural thermal brine and witch hazel water to help clear impurities and balance the skin. Skin cells renew themselves over a period of 28 days. To mirror this regeneration cycle, Clarifying Intensive Treatment (<25 years) should be used as a 28-day treatment.

Our tip: To support the effectiveness of the treatment, we recommend adding an intensive skin care ritual once or twice a week with our Clarifying Steam Bath, Clarifying Clay Mask and Revitalising Mask.

Available in 40 ml size.

Clarifying Intensive Treatment (age 25+)

regulating facial treatment
for blemished, adult skin

Skin condition: For blemished, adult skin.

Dr. Hauschka intensive treatments combine specially selected natural treasures in rhythmised form that complement your basic skin care routine. They support the skin when it has become unbalanced and needs a harmonising impulse. Clarifying Intensive Treatment (age 25+) offers effective, intensive care for blemished adult skin prone to inflammation. The formulation contains the gemstone peridot, chicory, dog's mercury, natural thermal brine and witch hazel water to balance the skin. Clarifying Intensive Treatment (age 25+) gives adult skin the power to rediscover a fine-pored, clear complexion. Skin cells renew themselves over a period of 28 days. In line with this natural regeneration cycle, Clarifying Intensive Treatment (age 25+) should be used as a 28-day treatment.

Our tip: To support the effectiveness of the treatment, we recommend adding an intensive skin care ritual once or twice a week with our Clarifying Steam Bath, Clarifying Clay Mask and Revitalising Mask.

Available in 40 ml size.

Soothing Intensive Treatment

calming facial treatment
for hypersensitive skin

Skin condition: For hypersensitive, stressed and reddened skin.

Dr. Hauschka intensive treatments combine specially selected natural treasures in rhythmised form that complement your basic skin care routine. They support the skin when it has become unbalanced and needs a harmonising impulse. For hypersensitive, stressed, unsettled and reddened skin, Soothing Intensive Treatment provides effective, strengthening intensive care. The formulation contains the rare gemstone black tourmaline, ice plant, anhyllis, natural thermal brine and rose water to balance the skin. Soothing Intensive Treatment strengthens the skin, helping it to redefine its boundaries and barriers. Skin cells renew themselves over a period of 28 days. In line with this natural regeneration cycle, Clarifying Intensive Treatment (age 25+) should be used as a 28-day treatment.

Our tip: To support the effectiveness of the treatment, we recommend adding an intensive skin care ritual once or twice a week with our Clarifying Steam Bath, Clarifying Clay Mask and Soothing Mask or Revitalising Mask.

Available in 40ml size.

Clarifying Steam Bath

for deep cleansing
opens the pores

Skin condition: For all skin conditions, especially blemished skin prone to inflammation and combination skin.

Clarifying Steam Bath has a soothing, softening effect, activates the skin's natural self-cleansing functions and opens pores. It is the ideal preparation for the further deep cleansing of all skin conditions, especially blemished skin prone to inflammation. The formulation contains daisy, nasturtium and witch hazel to stimulate the skin's circulation, help soften blackheads and reduce the appearance of blemishes.

Our tip: Blemishes can be spot treated by dabbing a little Clarifying Steam Bath directly onto the affected area.

Available in 100 ml size.

Clarifying Clay Mask

for deep cleansing
clarifies and refines all skin conditions

Skin condition: For all skin conditions.

Clarifying Clay Mask has a deeply cleansing and clarifying effect. This mask is particularly ideal for deep cleansing oily skin with large pores, blemishes and hard buildups. The formulation contains nasturtium and witch hazel to actively bind with and loosen dirt and sebum. Blackheads are softened, skin is soothed and the appearance of redness and blemishes is diminished.

Our tip: Finish off your personal care ritual with an appropriate mask from our intensive skin care range.

Available in 90 g and 10 g sizes.

Revitalising Mask

intensively toning care
refines all skin conditions

Skin condition: For all skin conditions, especially blemished, sun-stressed skin or skin prone to couperose and enlarged pores.

Revitalising Mask is a versatile helper that promotes an even, radiant complexion. The formulation contains medicinal plants like quince seed, anhyllis and chamomile that have a clarifying, refining effect – even for blemished skin with large pores. It noticeably soothes, refreshes and cools sun-stressed skin and skin prone to couperose. High-quality jojoba, apricot kernel and wheat germ oils help the skin retain its own moisture and leave it feeling instantly toned and refreshed.

Our tip: For extra special care for skin prone to redness and for blemished skin, apply a thin layer under your regular daytime skin care product.

Available in 30 ml and 5 ml sizes.

Soothing Mask

intensively calming care
strengthens sensitive skin

Skin condition: For sensitive, irritated skin and skin prone to stress-induced redness.

Soothing Mask gently restores the skin's natural balance, offering welcome relief and relaxation for sensitive, irritated skin and skin prone to stress-induced redness. The formulation contains medicinal plants like lady's mantle, borage, buckwheat and mullein to soothe the skin, while valuable shea butter, macadamia and coconut oils, as well as fresh quince seed extract and precious witch hazel water, help the skin retain its moisture. Skin is left feeling recovered and soothed, with lasting effect.

Our tip: For very sensitive skin that is prone to redness, Soothing Mask is also ideal applied thinly under your regular daytime skin care product.

Available in 30 ml and 5 ml sizes.

Hydrating Cream Mask

intensively moisturising care
protects dry skin

Skin condition: For dry, sensitive and mature skin.

Hydrating Cream Mask provides a feeling of security and offers the skin lasting protection against drying out and irritating external influences. The formulation contains medicinal plants like quince and rose to activate the skin's moisture-retaining properties and regulate its oil and moisture processes. With precious almond, avocado and jojoba oils, it noticeably enriches and envelops the skin. Hydrating Cream Mask is the ideal supplementary intensive skin care product for dry and sensitive skin, as well as for skin in need of regeneration and damaged by environmental influences. Skin is left feeling soft and looking fresh and smooth.

Our tip: If your skin is in need of extra protection, apply a thin layer of Hydrating Cream Mask as a daytime skin care product.

Available in 30ml and 5 ml sizes.

Firming Mask

intensively smoothing care
invigorates mature skin

Skin condition: For tired, demanding and dehydrated skin that has lost its elasticity.

Firming Mask provides demanding, dehydrated skin that has lost its elasticity with a noticeable boost of regeneration. The formulation contains medicinal plants like rose, marsh mallow and pansy to promote the regenerative powers of the skin. With rose water, rose petal extract and rose wax, as well as rose essential oil, mango butter, avocado oil and almond oil, the mask pampers and enriches the skin while supporting its vitality and activating its moisture-retaining properties. For skin that feels noticeably smooth, supple and refreshed with a rosy complexion.

Our tip: For additional regeneration, Firming Mask is also ideal applied thinly under your regular daytime skin care product.

Available in 30 ml and 5 ml sizes.

Face Sun Cream SPF 10

mineral UV filters support the skin's natural abilities to protect itself from the sun

Light protection and gentle care

The medicinal plant quintet of calendula, coconut oil, anthyllis, apricot and prickly pear preserves moisture, promotes balanced skin and smells like a holiday by the sea. In addition to antioxidant ingredients, UV filters protect the face from sunlight and thus from light-induced skin ageing. Our sun cream supports your skin's natural ability to cope with exposure to the sun. The delicate texture absorbs quickly and enables make-up to be easily applied.

Your skin is always happy to receive sun care, which can be applied generously several times a day, especially after swimming. However, at midday, when the sun is most intense, your skin needs shade. Babies and small children in particular should be protected from direct sunlight.

Our tip: Use in addition to daytime skin care as needed.

Available in 40 ml size.

Tinted Face Sun Cream SPF 30

mineral UV filters support the skin's natural abilities to protect itself from the sun

For that radiant post-holiday glow

Our Tinted Sun Cream conjures up a fresh, sun-kissed complexion. At the same time, it protects against UV radiation and prevents sun-induced skin ageing. The formulation with select medicinal plant extracts strengthens the skin. Our Tinted Face Sun Cream is water resistant and your ideal companion for a day in the sun. The rich texture gently pampers and activates your skin's natural ability to retain moisture.

Your skin is always happy to receive sun care, which can be applied generously several times a day, especially after swimming. However, at midday, when the sun is most intense, your skin needs shade. Babies and small children in particular should be protected from direct sunlight.

Our tip: For natural shine reduction, we recommend applying a powder from the Dr. Hauschka Make-up range.

Available in 40 ml size.

Regenerating Skin Care

It's not about looking younger – it's about looking better. Dr. Hauschka's Regenerating skin care line is intended for skin that has started to lose its elasticity, develop wrinkles and feel "thin" – in other words, skin that shows your life experience. With our Regenerating and Regenerating Intensive products, we accompany mature, demanding skin through different stages of life and skin care needs.

Regenerating Eye Cream

refining eye care
reduces the appearance of fine lines and wrinkles

Skin condition: For demanding, mature skin.

Regenerating Eye Cream leaves eyes looking radiant. The wrinkle-minimising cream boosts the skin's own activity and helps it to regenerate from within. The formulation contains quince seed, birch leaf, red clover, acerola berry, sea buckthorn, precious macadamia nut oil and borage that work to decongest the skin and regulate its moisture levels. It leaves dry skin around the eyes feeling smooth and refined and prevents premature signs of ageing. Regenerating Eye Cream gives the eye area a new-found vitality thanks to its valuable medicinal plant extracts.

Available in 15 ml size.

Regenerating Serum

tones and hydrates
lends vitality to the skin

Skin condition: For demanding, mature skin.

Regenerating Serum supports the skin's natural regenerative functions, helping to firm mature skin and minimise the appearance of fine lines and wrinkles. The formulation contains quince seed and bryophyllum extracts to replenish the skin, smoothing wrinkles and fine lines while supporting the skin's ability to balance moisture content. Antioxidant-rich red clover firms and refines, encouraging the skin's natural processes of renewal, while nutrient-rich clover blossom honey protects. The serum also soothes reddened, sensitive skin.

Available in 30 ml size.

Regenerating Day Cream

smoothing facial care
supports skin structure

Skin condition: For mature skin with wrinkles and loss of vitality.

Regenerating Day Cream supports the skin's natural regenerative functions, enhancing skin elasticity, balancing moisture content and making skin feel smooth, soft, firm and supple. The formulation contains bryophyllum, red clover, field horsetail, acerola berry, rose blossom, avocado oil, raspberry seed oil and shea butter to protect, stabilise and support skin structure. Regenerating Day Cream combines specially selected natural treasures that support the skin's own powers of renewal.

Available in 40 ml size.

Regenerating Day Cream Complexion

smoothing facial care with mineral pigments,
visually balancing

Skin condition: For mature skin with wrinkles and loss of vitality.

Regenerating Day Cream Complexion leaves the skin feeling noticeably smooth while refreshing any skin tone with light-reflecting, subtly bronzing mineral pigments. It can balance out the look of slight pigmentations and reduce the appearance of lines and wrinkles for a radiant, flawless appearance. The formulation contains revitalising extracts of red clover, bryophyllum and field horsetail to support the skin's moisture-activating ability, while valuable avocado and olive oils protect the skin, nourish it and support its own powers of self-renewal.

Available in 40 ml size.

Regenerating Day Cream Intensive

rich facial care
fortifies the skin's structure, promotes firmness

Skin condition: For mature skin with wrinkles and loss of elasticity

Regenerating Day Cream Intensive noticeably improves the firmness of skin that is losing its elasticity and leaves it feeling smooth and toned. The creamy texture glides on easily, providing dry and sensitive mature skin with rich nourishment and long-lasting protection. The formulation contains precious extracts of blackthorn blossom and fruit, almond milk and olive oil to strengthen the skin's own resistance and provide an intense moisture boost. Feelings of tension and wrinkles caused by dryness are reduced. For a radiant and well-nourished complexion that lasts all day.

Our tip: For more intensive care, we recommend applying some Regenerating Oil Serum Intensive after the day cream.

Available in 40 ml size.

Regenerating Oil Serum Intensive

firming daytime care
stabilises and reinforces the skin's moisture barrier

Skin condition: For mature skin with wrinkles and loss of elasticity.

Regenerating Oil Serum Intensive combines the intensive skin care of an oil with the power of a serum. The formulation combines nourishing almond and olive oils with valuable medicinal plant extracts, particularly of blackthorn blossom, to support skin that is losing its firmness and elasticity and improve its defensive and barrier function. Dry and sensitive skin becomes more resilient and is optimally protected against environmental influences all day. An extra-special skin care experience with every use: the unique texture melts into the skin and leaves it feeling beautifully silky smooth.

Available in 20 ml size.

Regenerating Neck and Décolleté Cream

toning care
reduces the appearance of wrinkles

Skin condition: For demanding, mature skin.

Regenerating Neck and Décolleté Cream gives skin a new-found vitality. The cream boosts the skin's own activity and helps it to regenerate. The formulation contains marsh mallow, birch leaf, red clover, macadamia nut and argan oil to intensively nourish the skin and help increase its moisture levels.

Regenerating Neck and Décolleté Cream combines the powers of high-quality natural ingredients, absorbs quickly and leaves skin feeling toned.

Available in 40 ml size.

Regenerating Intensive Treatment

strengthening facial treatment for mature skin

Skin condition: For mature skin with wrinkles and regeneration weaknesses.

Dr. Hauschka intensive treatments combine specially selected natural treasures in rhythmised form that complement your basic skin care routine. They support the skin when it has become unbalanced and needs a harmonising impulse. Regenerating Intensive Treatment provides activating intensive care for skin prone to wrinkles and dryness. The formulation contains the revitalising gemstones blue tourmaline and amber, which are combined with gold, Madonna lily, marsh mallow, ginkgo and olive leaves, royal jelly, natural thermal brine and sandalwood water to awaken the skin's own powers of regeneration. Skin cells renew themselves over a period of 28 days. To mirror this regeneration cycle, Regenerating Intensive Treatment should be used as a 28-day treatment.

Our tip: To support the effectiveness of the treatment, we recommend adding an intensive skin care ritual once or twice a week with our Clarifying Steam Bath, Clarifying Clay Mask and Firming Mask.

Available in 40 ml size.

Intensive Treatment for Menopausal Skin

harmonising facial treatment for skin during menopause

Skin condition: For mature skin with redness and pigmentation problems.

Dr. Hauschka intensive treatments combine specially selected natural treasures in rhythmised form that complement your basic skin care routine. They support the skin when it has become unbalanced and needs a harmonising impulse. Intensive Treatment for Menopausal Skin helps to balance hormone-related skin changes. The formulation combines ruby and silver-containing argentite with chaste berry, black cohosh, natural thermal brine and rose water to soothe and strengthen the skin, while also helping to reduce the appearance of menopause-related age spots. Skin cells renew themselves over a period of 28 days. To mirror this regeneration cycle, Intensive Treatment for Menopausal Skin should be used as a 28-day treatment.

Our tip: To support the effectiveness of the treatment, we recommend adding an intensive skin care ritual once or twice a week with our Clarifying Steam Bath, Clarifying Clay Mask and Firming Mask.

Available in 40 ml size.

Regenerating Hand Cream

intensively smoothing skin care with an active moisturising effect

Skin condition: For demanding, mature skin.

Regenerating Hand Cream softens and smooths skin while providing immediate, effective and long-lasting protection against dryness due to environmental influences. The rich formulation combines olive and avocado oils with silky cocoa butter to support the firmness and elasticity of the skin. Extracts of nourishing, vital medicinal plants like red clover, bryophyllum and quince seed deeply moisturise and support the skin's processes for balanced hydration. This fortifies the hands from wrist to fingertips and supports the skin's natural processes of renewal when used as recommended.

Our tip: We recommend our Neem Nail & Cuticle Oil or the Neem Nail & Cuticle Pen for strong, healthy nails and cuticles.

Available in 50 ml size.

Regenerating Body Cream

firming, tightening care smooths the skin

Skin condition: For demanding, mature skin.

Regenerating Body Cream supports the skin's natural regenerative functions, balancing moisture content and making skin feel smooth, firm and supple. It delights the senses with an enveloping scent of rose and orange, set against a backdrop of precious woody and soft vanilla notes. The formulation contains candelilla wax, rose, red clover, field horsetail, marsh mallow and birch leaf, jojoba oil and almond oil to support the skin's elasticity. The valuable medicinal plant extracts preserve and regulate the skin's moisture levels.

Available in 150 ml size.

Make-up

Radiance and vitality is our definition of beauty. That's why Dr. Hauschka Make-up respects and highlights your individuality. Our make-up products use natural mineral pigments that blend visually with your own skin tone. This way, even powerful shades appear to enhance rather than cover up your natural colours. The multifaceted, colourful world of Dr. Hauschka Make-up has been created in collaboration with professional make-up artists.

Body Care

When developing Dr. Hauschka's range of body care products, we remain mindful of the human body as a whole with all its various needs. The idea is to support the body's own activities by strengthening and balancing impulses, thereby helping it to reach its natural equilibrium. Each product has its own distinctive character. One of the main functions of our body care range is to regulate and maintain the body's natural heat rhythms – either by supporting the creation of heat, focusing the heat, or letting it flow through the body.

Hydrating Hand Cream

absorbs quickly with lasting effect

Hydrating Hand Cream pampers and nourishes the hands every day. It takes immediate effect and offers noticeable smoothness for dry, overworked hands. The formulation combines the vitalising powers of blackthorn, anthyllis and marsh mallow to preserve moisture and fortify the skin, while precious beeswax, almond oil and wheat germ oil provide reliable, long-lasting care and protection.

Our tip: We recommend Neem Nail & Cuticle Oil or the Neem Nail & Cuticle Pen for strong, healthy nails and cuticles.

Available in 50 ml and 10 ml sizes.

Neem Nail & Cuticle Oil

strengthening care
for nails and skin

Neem Nail & Cuticle Oil is the basis for strong, well-cared-for nails. The intensive care gives nails new strength and suppleness. The formulation contains neem, anthyllis and chamomile to support the nail structure while also nourishing sensitive, cracked cuticles that are prone to inflammation. The strengthened nail substance grows in healthy. Take up some Neem Nail & Cuticle Oil in the dropper, wiping off any excess on the rim of the glass. Apply one drop of oil and massage into the nails and cuticles. One drop provides enough for approx. five nails. Ideally, Neem Nail & Cuticle Oil should be applied after washing your hands when the cuticles are still slightly damp. For badly damaged nails, apply twice a day.

Our tip: The Neem Nail & Cuticle Pen is the perfect companion when out and about. For complete hand care, we also recommend our fast absorbing Hydrating Hand Cream.

Available in 18 ml size.

Neem Nail & Cuticle Pen

strengthening care
for nails and skin

The Neem Nail & Cuticle Pen provides a practical applicator for our Neem Nail & Cuticle Oil, making it the perfect constant companion. The pen applies the nourishing oil hygienically and sparingly, stroke by stroke. So whether at home or out and about, your nails can benefit from a mini manicure treatment whenever you have a few moments to spare.

Our tip: Nail polish can discolour the applicator tip. To keep your Neem Nail & Cuticle Pen looking clean, it comes with three spare tips that are easy to replace.

Available in 3 ml size.

Lemon Lemongrass Vitalising Body Oil

refreshing body oil
tones the skin

This is undoubtedly our feel-good body oil. The refreshing scent of sun-ripened lemons alone is enough to lift the spirits. And the actual effects of Dr. Hauschka Lemon Lemongrass Vitalising Body Oil go even further: it refreshes body and mind and, used in combination with an activating massage, serves to invigorate and tone the skin – making it a particularly good choice for those prone to cellulite.

Our tip: A long day at the office? Stay focused with both feet firmly on the ground by applying our body oil to your arms and legs in the morning or during the day. Lemon peel extracts will keep you refreshed and centred. To get the best firming results on cellulite, vigorously massage the oil into the problem areas, eat a healthy, vitamin-rich diet, exercise regularly and take alternating hot/cold showers.

Available in 75 ml size.

Birch Arnica Energising Body Oil

activating body oil
for use after exercise and sport

This is a body oil for those who like to keep active. Our revitalising Birch Arnica Energising Body Oil with its minty-citrus scent refreshes the skin after exercise or sauna sessions, cycling and hiking tours or physical labour. Its circulation-boosting and muscle-relaxing properties also make it a particularly good massage oil. The special formulation combines extracts of well-known medicinal plants with those of birch leaf, arnica, nettle and burdock root.

Our tip: Have you been on your feet all day? If your legs feel tired in the evening, our Birch Arnica Energising Body Oil offers regenerating stimuli which encourage soothing relaxation. Especially recommended for a warming massage after exercise or sauna sessions. The body oil is perfectly complemented by Shower Cream, Lemon Lemongrass Vitalising Body Milk and Sage Mint Deodorant.

Available in 75 ml and 10 ml sizes.

Moor Lavender Calming Body Oil

soothing body oil
provides enveloping protection

Everyone has days when they long to feel lovingly cocooned. Moor Lavender Calming Body Oil protectively envelops the skin. At the heart of its formulation is a moor extract prepared using our proprietary rhythmic procedure. This provides enveloping protection against external influences and is particularly comforting for those who are weather-sensitive and feel the cold. The soft scent of moor extract combined with lavender essential oil soothes and calms, promoting a restful night's sleep.

Our tip: A warm compress with Moor Lavender Calming Bath Essence and a massage with Moor Lavender Calming Body Oil help relieve neck ache and tight muscles.

Available in 75 ml and 10 ml sizes.

Blackthorn Toning Body Oil

invigorating body oil
keeps skin silky soft

This Dr. Hauschka body oil equips your skin with strengthening impulses from the hardy blackthorn plant, which blooms in the earliest days of spring and produces the first wild fruit of the year. All of this energy and delicacy is contained in the formulation of Dr. Hauschka Blackthorn Toning Body Oil. When applied during a massage, it serves to strengthen, warm and tone the skin. It is therefore highly recommended for use during pregnancy. The blackthorn oil can also help combat exhaustion and provides welcome support through the colder, darker seasons.

Our tip: To perform a pinching massage, take some oiled skin between your thumb and index finger, pull it gently upwards in a pinching motion and then release. Repeat five times per skin area.

Available in 75 ml and 10 ml sizes.

Rose Nurturing Body Oil

harmonising body oil
provides security

No one is too old or too young for this precious rose oil. Even baby's skin can enjoy the nourishment and strengthening impulses provided by our Rose Nurturing Body Oil, which makes it perfect for baby massages. Its particularly balancing formulation also combats anxiety and mental exhaustion. This really is an oil for life. Dr. Hauschka Rose Nurturing Body Oil contains an oil extract as well as essential oil from the petals of organically cultivated roses.

Our tip: Transform your bathroom into a day spa! After showering with Hayflower Cardamom Cleansing Lotion or taking a bath with Rose Nurturing Bath Essence, gently massage Rose Nurturing Body Oil into your still-moist skin. With your body enveloped in the delicate fragrance of finest roses, pamper your face with Revitalising Mask. Give your fingernails and toenails a treat too with a manicure and pedicure using Neem Nail & Cuticle Oil to complete your home beauty treatment.

Available in 75 ml and 10 ml sizes.

Lemon Lemongrass Vitalising Body Milk

refreshing body lotion
lends vitality

The enlivening, fresh scent of Lemon Lemongrass Vitalising Body Milk awakens the senses and puts a spring in your step. This revitalising body milk is the perfect complement to an active, healthy lifestyle: The fast-absorbing formula contains the toning powers of lemongrass and essential lemon oil to activate and firm the skin, while extracts of field horsetail support the skin's structure and sage invigorates. Quince seed extract preserves moisture and jojoba oil and olive oil provide rich nourishment.

Our tip: As supplementary care, we recommend our Shower Cream and Lemon Lemongrass Vitalising Body Oil.

Available until the end of April 2023.
Available in 145 ml and 10 ml sizes.

Quince Hydrating Body Milk

hydrating body lotion
brings a lightness to the day

Restrained and uncomplicated, our subtly scented Quince Hydrating Body Milk keeps us focused on the important things in life and helps us keep both feet firmly on the ground. This body milk has a stabilising and structure-giving effect on the skin. Quince – which is contained within the body milk as quince seed extract – is naturally gifted when it comes to moisture. Combined with high-quality oils, the plant passes this ability onto our skin by not only providing moisture, but also helping it retain this moisture. Extracts of strengthening blackthorn and invigorating sage help guide skin back to its natural state of balance.

Our tip: As supplementary care, we recommend our Sage Mint Deodorant and Shower Cream.

Available in 145 ml size.

Lavender Sandalwood Calming Body Cream

soothing body lotion
provides serenity

With its fresh, elegant lavender scent, Lavender Sandalwood Calming Body Cream helps to clear the mind – while the velvety warm sandalwood notes provide us with grounding and serenity. The soothing effect of the cream also allows our skin to rediscover its natural balance: Extracts of melissa and wood sorrel have a harmonising effect, while high-quality oils from macadamia nuts, apricot kernels and avocado strengthen the skin's barrier function and leave it feeling smooth and velvety soft.

Our tip: As supplementary care, we recommend our Shower Cream, Moor Lavender Calming Bath Essence and Moor Lavender Calming Body Oil.

Available in 145 ml size.

Rose Nurturing Body Cream

harmonising body lotion
provides security

Balancing Rose Nurturing Body Cream provides warmth and security with its sensually enveloping scent of roses and underlying precious woody notes. This soft yet rich cream invigorates the skin and stimulates its natural protective functions: Rose wax, essential rose oil and precious extracts from wild rose hips and rose petals bring harmony to the skin. Meanwhile, shea butter obtained from an organic wild harvesting project initiated by Dr. Hauschka in Burkina Faso is combined with almond and jojoba oils to provide intensive nourishment. The result: velvety soft skin.

Our tip: As supplementary care, we recommend Rose Nurturing Body Oil.

Available in 145 ml and 10 ml sizes.

Almond Soothing Body Cream

rich body lotion
pampers the skin and the senses

Almond Soothing Body Cream awakens the mind and nurtures the senses; while the soft, floral scent of the almond blossom evokes thoughts of the early days of spring, the warm and sensual hints of the almond fruit whisk us away into the colourful life of the Italian summer. Almond kernel oil is blended with extracts of soothing St. John's wort and balancing anthyllis to smooth, calm and fortify dry, sensitive skin, while quince and marsh mallow extracts regulate moisture content, leaving the skin soft to the touch.

Our tip: As supplementary care, we recommend Blackthorn Toning Body Oil.

Available in 145 ml size.

After Sun

cools and soothes,
activates the skin's own moisturising abilities

After a day out in the hot sun, your skin yearns for calm and relaxation. Our intensively nourishing After Sun helps skin recover from the stress of sun exposure, compensates for lost moisture and is pleasantly cooling. The light lotion with its formulation of anthyllis, ice plant, almond oil and rose wax absorbs quickly and soothes sunned skin. With regular use, our After Sun also promotes a longer-lasting tan.

Our tip: As supplementary care for a well-sunned face, we recommend our Revitalising Mask and Sensitive Care Conditioner.

Available in 150 ml size.

Shower Cream

gentle, nourishing shower cream
with lemon & lemongrass

The formulation of high-quality natural ingredients and pure essential oils combines gentle care with invigorating freshness. Protective quince seed extract activates the skin's natural defences. Plant-based surfactants gently cleanse the skin while precious oils provide extra nourishment. The scent of lemon and lemongrass creates a light burst of freshness.

Our tip: As supplementary care, we recommend Lemon Lemongrass Vitalising Body Oil and Lemon Lemongrass Vitalising Body Milk.

Available in 150 ml size.

Hayflower Cardamom Cleansing Lotion

mild cleansing
pampers body and hands

Using the strength of sun-drenched hayflowers and nourishing avocado oil, Hayflower Cardamom Cleansing Lotion cleanses the body and hands particularly gently without drying out the skin. With freshly produced quince seed extract, it cares for even sensitive skin and leaves it feeling velvety soft. The formulation with valuable essential oils of cardamom and cassia relax body and mind and create a harmonious sense of well-being. Exhale and enjoy the tranquillity.

Our tip: For little moments of relaxation throughout the day, use the cleansing lotion to wash your hands.

Available in 200 ml size.

Stone Pine Sea Salt Cleansing Gel

activating cleansing
tones the skin

This gel gently cleanses body and hands with precious ingredients like traditionally made sea salt and biodegradable sugar surfactants. With freshly produced quince seed extract, it cares for even sensitive skin and leaves it feeling velvety soft. The formulation with valuable essential oils of stone pine and eucalyptus activate body and soul and clear the mind. Inhale and revitalise.

Our tip: For little moments of refreshment throughout the day, use the cleansing gel to wash your hands.

Available in 200 ml size.

Shampoo

mildly cleanses
moisturises the scalp and hair

Cleanse, tone, moisturise – these three steps apply to all our natural cosmetics, including our hair care line. The first step is undertaken by our silicone-free Shampoo. It gently cleanses your hair, preparing it for the next stages of your hair care routine. For our Shampoo, we process precious oils and medicinal plants, very mild surfactants and, for the first time, a protein-rich chickpea extract. This makes Dr. Hauschka Shampoo suitable for all hair types and for everyday use. Its fresh scent of lemon, bergamot and spearmint will accompany you throughout the day.

Our tip: Cleanse, tone, moisturise – these three steps also apply to our hair care products. We therefore recommend using our Hair Tonic to tone and Conditioner to moisturise.

Available in 150 ml size.

Conditioner

promotes silkiness and shine
without weighing down the hair

After washing, your hair is ready for nourishing substances that protect and strengthen while promoting silkiness and shine. This step is undertaken by Dr. Hauschka's silicone-free Conditioner: it combines high-quality plant oils with natural proteins and regenerative medicinal plant extracts. Added to these is apple cider vinegar, to get rid of residual limescale and smooth the surface of your hair, giving it shine. There is also a hint of these nourishing aspects in the scent of the Conditioner, which is infused with vanilla, coconut and white blossom. Our Conditioner is suitable for all hair types, especially long, damaged, dry or dull hair and for split ends.

Our tip: Cleanse, tone, moisturise – these three steps also apply to our hair care products. We therefore recommend using our Shampoo to cleanse and Hair Tonic to tone.

Available in 150 ml size.

Hair Tonic

balancing, strengthening care
for hair and scalp

As the toning element, our non-oily Hair Tonic plays an important role in our hair care range: it activates and regulates your scalp. And because a healthy scalp lays the foundation for healthy hair, you will feel its revitalising effects right through to the tips. The refreshing, invigorating nature of our Hair Tonic is emphasised by its aromatic herbal fragrance. The formulation contains neem, nettle, birch bark, arnica and burdock root, and is especially suitable for fine, greasy, dandruff-prone hair and irritated scalps.

Our tip: You can also use our Hair Tonic as a gently setting blow-dry lotion.

Available in 100 ml size.

Hair Oil

nourishes intensely damaged hair
soothes the scalp

Our silicone-free Hair Oil performs two jobs: it tones and regulates your scalp – whether dry or oily – and it cares for and protects your hair from everyday environmental influences like sun and salt water. This way, even damaged hair is given a new lease of life. Dr. Hauschka Hair Oil in its handy pump dispenser is highly versatile and a little goes a long way. It contains high-quality plant oils and extracts from medicinal plants like neem and chamomile. Its scent is characterised by rosemary essential oil. This hair oil is particularly suitable for dull, dry, brittle, dyed or permed hair.

Our tip: Hair Oil can be used as a hair treatment before shampooing or to nourish the ends afterwards.

Available in 75 ml size.

Silk Body Powder

luxurious care
from head to toe

Silk Body Powder provides reliable protection, nourishes the skin and leaves it supple and soft. The formulation of pure powdered silk, enriched with medicinal plant extracts of sage, gentian and oak bark, has a gently deodorising effect and helps to alleviate itchiness, stabilising the skin's natural flora. The fine powder composition is very well tolerated. The body receives a natural matte sheen and even highly sensitive skin is gently protected.

Our tip: A diverse range of potential uses makes our talc-free Silk Body Powder a true master of versatility: It can be used as a body and foot powder, a gentle deodorant, a dry shampoo, and to ease soreness.

Available in 50 g size.

Sage Mint Deodorant

long-lasting control
refreshing care

Whether we are physically or mentally active, perspiration is of vital importance. It not only regulates our body temperature but also removes impurities and forms the acid mantle as a barrier on the surface of the skin to protect against harmful germs. Our non-oily Sage Mint Deodorant contains sage and witch hazel essences, which are both naturally antimicrobial and astringent. The deodorising combination of an invigorating mint scent with a natural herbal bouquet of sage promises long-lasting freshness. We intentionally avoid the use of pore-constricting aluminium salts. Our low alcohol roll-on is very gentle on the skin and does not stain clothing.

Our tip: The fresh, herbal scent is particularly well matched with our warming yet refreshing Sage Purifying Bath Essence, stimulating Quince Hydrating Body Milk, and invigorating Shower Cream.

Available in 50 ml size.

Rose Deodorant

reliable protection
gentle care

Knowing that we are prepared to meet the daily challenges of everyday life with a smile gives us a sense of relaxation and tranquillity. In our creamy Rose Deodorant, we use a carefully formulated combination of gentle, deodorising and nourishing ingredients. Rose water lends an elegant, delicate fragrance while alchemilla essence helps to gently regulate perspiration. To top it all off, when essential rose oil meets high-quality jojoba oil, the skin receives an exceptional kind of care that one can't help but feel happy about. Our low alcohol roll-on is especially suitable for normal to sensitive skin. It has a harmonising effect, contains no pore-constricting aluminium salts and does not stain clothing.

Our tip: Rose Deodorant harmonises perfectly with our warming and comforting Rose Nurturing Body Cream.

Available in 50 ml size.

Revitalising Leg & Arm Tonic

Invigorating care provides a feeling of lightness

Our Revitalising Leg & Arm Tonic provides nourishing refreshment for weary limbs. It has both a preventive and soothing effect on swelling and congestion. Tired legs, arms and legs regain a sense of lightness. The formulation contains borage, rosemary and castor oil to activate and revitalise the skin while simultaneously preventing it from drying out. Those who spend a lot of time either on their feet or sitting down will welcome the new-found strength in their legs, while the tonic brings lightness back to tired arms.

Our tip: As supplementary care for Revitalising Leg & Arm Tonic, we recommend our Hydrating Foot Cream for tired, swollen feet and Deodorising Foot Cream for sweaty feet.

Available in 100ml size.

Deodorising Foot Cream

absorbs moisture,
refreshes and protects

Deodorising Foot Cream refreshes the feet and supports a healthy skin condition. Natural silk and rice starch directly absorb excess moisture for long-lasting comfort. The cream protectively envelops the foot with a fine layer of powder, helping prevent friction and pressure points. The formulation contains rosemary essential oil, sage and real European goldenrod to help tame excess perspiration. This creates a balanced environment for the feet, helping to prevent unpleasant odours.

Our tip: As complementary care, we recommend our Silk Body Powder for feet that tend to sweat a lot and Hydrating Foot Cream for dry, rough feet. The foot cream is also great for massages. Tired limbs, meanwhile, will welcome our refreshing Revitalising Leg & Arm Tonic.

Available in 30 ml size.

Hydrating Foot Cream

intensive care
revitalises the feet

Whether at work, exercising or in your free time, Hydrating Foot Cream is ideal for daily foot care and an invigorating foot massage. The creamy consistency absorbs quickly to offer intensive care and moisture, especially for dry feet.

Our tip: Hydrating Foot Cream is perfect for foot massages. Tired limbs, meanwhile, will welcome our refreshing Revitalising Leg & Arm Tonic.

Available in 75 ml and 10 ml sizes.

Sage Purifying Bath Essence

regulating
simultaneously warms and refreshes

With a carefully selected composition of essential oils, Sage Purifying Bath Essence offers warmth and keeps out the cold – a real blessing in the winter months. It also refreshes after sport and physical exercise and has a deodorising effect. Sage foot baths revive tired, swollen feet, and, if used regularly, can serve to regulate perspiration and make the skin soft and smooth. Washing the face with Sage Purifying Bath Essence also helps care for blemished skin.

Our tip: Taking regular foot baths with Sage Purifying Bath Essence helps to soften hard skin, leaving your feet beautifully soft.

Available from October to April.
Available in 100 ml size.

Rose Nurturing Bath Essence

harmonising
allows the soul to blossom

Rose water, rose essential oil and rose petal extracts give this floral bath essence the surprising versatility of a rose: from gentle and sensual to simply sublime. The harmonising bath essence soothes your soul while leaving you feeling pleasantly alert. The formulation contains almond oil and jojoba oil to leave skin feeling soft and silky smooth.

Our tip: When used as a warm face compress, Rose Nurturing Bath Essence soothes and harmonises the skin. It is also wonderfully suited for infants and small children.

Available from October to April.
Available in 100 ml size.

Moor Lavender Calming Bath Essence

soothing
provides enveloping protection

This finely tuned composition with extracts of horse chestnut and horsetail is based on a moor extract prepared using Dr. Hauschka's own unique rhythmic processing methods. When combined with warm water, it offers a sense of enveloping protection and nourishes your skin with almond and avocado oil.

Our tip: When used as a hot neck compress, Moor Lavender Calming Bath Essence is ideal for helping ease shoulder tension.

Available from October to April.
Available in 100 ml size.

Spruce Warming Bath Essence

warming
clears the airways and relaxes

Spruce essential oil is an invaluable helper, particularly in the cold, wet months of the year. It supports blood circulation to the skin and, in combination with warm bath water, provides intensive and long-lasting warmth that penetrates right to the core. The resinous, woody scent of spruce needle soothes and helps clear the airways, while jojoba oil gently nourishes the skin. An effective and indulgent bathing experience for cold and windy days.

Our tip: A small bowl of hot water with some Spruce Warming Bath Essence can be used to pleasantly fragrance the air in rooms, particularly in winter.

Available from October to April.
Available in 100 ml size.

Treatments

All Dr. Hauschka facial treatments begin with a footbath. Like many of our customs, this is not the norm. Yet we find it helps people to get out of their busy heads and find peace of mind, body and self.
